KEY ACHIEVEMENTS

Hackathon Achievements

Runner's Up in Hack-Ur-Way, IIC TMSL Hackathon-2025 and 3rd Position in INNOV-A-THON, SAMARTH TMSL Hackathon-2025

SKILLS

Blockchain **CSS** **HTML** **Java**

JavaScript **MongoDB** **Python**

React **Videography** **Node.js**

Express.js **Chess** **Gmail**

PROJECTS

Student Platform

04/2025 - 04/2025

Decentralized Platform for Students

- Built a unified student platform consolidating colleges, scholarships, exams, and learning resources into one ecosystem
- Implemented features for discovery, centralized updates, and resource sharing to simplify access for students

Smart Rannaghor

09/2025 - 09/2025

Smart kitchen management solution

- Designed a smart kitchen management solution that helps households track groceries, monitor expiry dates, and reduce food waste by preventing overbuying and improving grocery utilization

Panchakarma Patient Management System

09/2025 - 09/2025

Patient Management System for Panchakarma centers

- Developed a management solution to streamline patient records, treatment schedules, and therapy tracking for Panchakarma centers
- Improved operational efficiency and patient care
